LATVIA

The Latvian Golden Visa Program is by far the most rewarding RBI (residency-by-investment) program. Latvia residency program is so famous these days. This program was first started to overcome the economic crisis of 2007 to 2009 and then within no time, it got so much popularity among investors. Young entrepreneurs and businessmen started to be attracted to this program to get Latvian golden visas.

While providing an incredible option of being an EU resident, it also allows for unseen returns on your investment through professional investment tools. Latvia is part of the Eurozone and is also a Schengen zone country. Hence, residency in Latvia enables investors to travel throughout the EU Schengen visa zone.
